

# COMPACT ESD WHITE LED RING ILLUMINATOR

## Model : CDR48E

- 48 pcs. of ultra bright white LEDs.
- ESD (ElectroStatic Discharge)
  - aluminum body with nickel plating & grounding.
- Instant startup
- Flickering Free
- Long life span
  - More than 50,000 hours
- Low power consumption
  - power consumption <4W
- Low heat generation
  - No risk of injury or damage to work pieces by heat radiation
- Dimmable
  - Can be dimmed over a wide range.
- Compact size
  - Built in switching power supply.

### Specification:

Electrical

Input voltage : AC 100 ~ 240V

Power consumption : Max <4W

Brightness : ~23,000 lux (height 100mm)

---

## Mechanical Specification.

Inner diameter :  $\varnothing$  60.5mm  
Outer diameter :  $\varnothing$  76mm  
Height : 27mm
