

HIGH POWER LED ILLUMINATOR

Model : DF4-W

- Using Lumiled Luxeon K2 LED.
- Replacement for Tungsten or halogen bulb.
 - to replace fiber optic light in vision systems or high power
 - Microscopes eg. Hisomet.
- Low power consumption.
- Low heat generation.
- Long lifespan: > 30,000 hours.

Specification:

Input voltage : AC 100 ~ 240V

Power consumption : Max <4W
